LIGHT&PLAY® 5

FAMILY

INCREASE THE VISIBILITY OF YOUR WINDOW WITH LIGHT&PLAY® 5 FAMILY, THE NEW DIGITAL DISPLAY!

Turn your window into a powerful 100% digital communication tool with a high impact.

Its sleek design creates a floating effect, making your window lighter, more aesthetic, and more stylish.

The use of animated and dynamic content naturally captures the attention of passersby, extends reading time, and enhances message retention.

Broadcast more content on the same surface thanks to their playlist system.

This allows you to present multiple products, services, offers, or messages dynamically, without overcrowding your window.

Available in different sizes: 21.5", 32", 43", and banner format, they adapt to all window configurations.

Combine the screens to create a dynamic, customized display, playing with formats, rhythms, and content.

More screens. More content. More impact. More value.

LIGHT&PLAY® 5

Light&Play® 5 brings dynamic content such as videos or smart mandates.

FLEXIBLE CONFIGURATIONS

Available in 21.5", 32", 43" and Banner LCD screen formats, Light&Play® 5 adapts to your needs. It can be installed in portrait or landscape mode, seamlessly fitting into any part of your agency windows.

EASY MANAGEMENT OF YOUR CONTENT

Thanks to the **VM APP[®]** integrated into Light&Play® 5, displaying content has never been easier.

VM APP[®] lets you create your own content and seamlessly transfer it to Light&Play® 5 via Wi-Fi.

ENERGY EFFICIENCY

Light&Play® 5 reduces power consumption, offering a sustainable and energy-efficient display solution.

COMPATIBILITY

Light&Play® 5 is compatible with most Vitrinemedia fixation systems.

CUSTOMIZATION

Tailor Your Screen to Fit Your Style and Needs

ELEGANT COLORS ON THE FRONT FRAME

Choose from Black, Metal Gray, Bronze, Champagne or White to match your space and style.

Available in 21.5", 32", 43" and Banner formats, your connected screen fits perfectly into any environment, whether you prefer a modern, sleek look or an elegant, timeless touch.

CUSTOMIZATION

Tailor Your Screen to Fit Your Style and Needs

CUSTOMIZABLE AND VERSATILE BACK COVER

Light&Play® 5 in 21.5" or 32" comes with a colored front frame and a matching back cover available in black, white, metal gray, bronze, or champagne. This is more than just a cover: it is a customizable space. For black, white, and metal gray options, you can print logos, text, or other visuals to highlight your brand or promote your content.

For the 43" format, a colored front frame comes standard with a metallic back cover, with a textile structure available as an option. For the Banner format, a colored front frame is included along with a textile structure.

The textile structure unlocks even more possibilities for personalization.
